

SAINT-GOBAIN LIFE SCIENCES QUALITY POLICY

At Saint-Gobain Life Sciences, our vision (Together, We Create a Better Life) is realized by enhancing everyday experiences and being there in life's critical moments. Together...

- We consider quality, compliance, employee health and safety as indispensable core values in providing safe, compliant, effective, and innovative products and services to meet and exceed our customer's needs.
- We operate within the ISO quality management system requirements and meet regulatory requirements applicable to the markets and regions we serve.
- Our globally harmonized quality management system employs a risk and science-based approach feeding into a continuous improvement culture that is enabled by our World Class Manufacturing (WCM) program.

This Quality Policy applies to all products, quality systems, and compliance-related business processes of the Saint-Gobain Life Sciences business.
